

How can I increase my chances of getting a job at the New Canadians Centre?

- Look at the job description closely. Apply for those positions where you feel you have the necessary skills and qualifications.
- Write a strong cover letter and resume that clearly demonstrates you possess those skills and qualifications. Remember, the people making the decisions may not know you personally.
- If you get an interview, make sure you prepare well; a strong or weak interview can make a big difference in the final decision.
